

It's my pleasure to recommend Atul Bapat and his company CATS Academy for many HR related initiatives. I first met Atul a couple of years ago when we started an executive coaching program within our Company. Subsequently, we have had the pleasure of engaging Atul on various other assignments related to the HR initiatives within our Company.

I interacted very closely with Atul during our coaching assignment. I found Atul to be an excellent coach who truly lived up to my expectations. All my other colleagues who were also coached by Atul had a similar experience.

Atul has a unique way of engaging with his coachees. He encourages you to open up and approach coaching in a very open and friendly manner. Atul, especially, is skilled at opening up your minds and ensures that the coachee is made aware of the areas in which he needs to be coached. A stickler for time, Atul is always focused on the task at hand.

Atul has also conducted various leadership programs for our middle management levels. The feedback received from my colleagues is that Atul is a very good trainer who is liked by all. Without exception, all the trainees have rated him highly during all the training sessions.

My best wishes to Atul and his team!
