Testimonial for Mr. Atul Bapat:

Every First Generation entrepreneur faces a lot of hurdles while starting and growing his or her own enterprise, and I am no exception to that.

I was introduced to Mr. Atul Bapat by a family friend. He has been guiding me for the past year. I felt the need for improvement in my managerial and entrepreneurial skills, and I must say that his expertise has been helpful. He is dedicated, up to date, and well-informed with his market research.

Atul has done a great job for me and comes with a high recommendation. All the First Generation entrepreneurs must take advantage of his Executive Coaching services to experience the transformation in themselves.

Sincerely

CA Rachana Ranade
