Sub: Testimonial for CATS Academy

To Whom It May Concern,

We engaged CATS Academy as an L&D Partner during FY17-18 to formulate and implement Organizational and People Development strategy for our Group's Dealership Businesses. In the first phase, CATS conducted Assessment Centers for senior and mid to junior level leadership team across different dealership brands. They used a diverse set of tools, viz. written tests, interactive sessions, group discussions, interview and management games to assess the performance and potential of participants. The outcome of the assessment was very insightful as it clearly outlined strengths and developmental areas of participants. The findings immensely helped us to devise Individual Development Plan tailor-made to every person. In sum, CATS Academy enabled us to lay foundation to execute People Development Roadmap, which we believe is a critical component to build and sustain competitive advantage in today's business environment.
